

# HEANOR GATE SCIENCE COLLEGE

“Develop all learners to achieve their full potential”  
“Create a culture of aspiration”

Principal: **Mr S Huntington**

July 2020

Dear Parent/Carer

I hope you and your families are safe and well and you are starting to cautiously enjoy the loosening of the lockdown restrictions.

I wrote to you on 30 June awaiting the government's guidance around schools reopening in September. This guidance has now been received and my senior team have worked tirelessly this week putting together plans to bring all students back to school safely in September. I will write to you later next week to outline these plans with full detail and explain the systems and protocols which will be in place on our return. These will give students as full an educational experience as possible whilst ensuring that the safety of staff and students remains of paramount importance.

For now, I just wanted to thank you all for your support during what has been a uniquely difficult time on many levels and to clarify the school's position regarding the summer break.

Next week will be our final week of term and the school will close its doors to students at 2.55pm on Friday 17 July. There will be no provision for students over the summer holiday; on the school site or through our virtual platform. Our staff have worked incredibly hard over the past 5 months to give students the best experience possible in unprecedented times and are looking forward to a well-earned break.

I would also like to give you advance notice that the school reception will be closed from 27 July – 7 August (inclusive). If you need to contact the admin team for any purpose, please bear this in mind.

Once again, thanks for your support and I will be in touch next week regarding our plans for September.

Yours sincerely

**S Huntington**  
Executive Principal
