

September 2021

Dear Parent/Carer

Your child is studying Key Stage 3 Product Design this year and, in order to keep the project as engaging as possible, we base the curriculum around a practical project which involves using a range of materials. Listed below are the projects made in years 7, 8 and 9:-

- Year 7 - Desk tidy
- Year 8 - Insect hotel
- Year 9 - Project 1 - lamp
Project 2 - speaker

In order to allow the students to take their practical work home we are asking for a contribution towards the cost of materials. If your child is in year 7 or 8, a contribution of £2.50 is required and for year 9 students, a cost of £5 is necessary due to the higher quantity of materials being used over the course of the year. If we do not receive this contribution your child will still be able to complete their project, but they will not be able to take it home as we may have to recycle the materials. Please log on to ParentPay to make a payment.

Please don't hesitate to contact me if you have any questions or concerns regarding this.

Yours sincerely

Gemma Kidd
Head of Design Technology
