

21 December 2021

Dear Parent/Carer

As we come to the end of a very busy term, I would like to draw your attention to specific arrangements for your child regarding their return to school in January.

You will have received communication from Mr Huntington about the logistics for the Year 11 Covid Tests on Monday 10 January, but due to your child having two examinations that week, plans will differ for them.

Monday 10 January

Your child will have a formal Creative iMedia exam (they have been made aware of this) in the afternoon. They need to arrive at school at **10.45am** for their Covid Test. Following a negative result your child will attend an iMedia revision session in D and E block. Students will have their lunch between 12.30pm-1.00pm before completing their exam at 1.25pm. They will return home upon completion of the exam.

Other Engineering students who don't have a Creative iMedia exam will have had a revision session. These revision materials will be uploaded to Google Classroom for your child to work through.

Tuesday 11 January

Your child will have a formal GCSE Engineering exam on Tuesday 11 January so they need to arrive at school at 8.30am where they will drop off their bags prior to their exam. They will have an Exam Preparation class until 9.15am, before completing their exam. Attendance is imperative as the grade they achieve will count towards their final exam.

I wish you a merry yet safe Christmas.

Yours sincerely

Mr Wright
Year 11 Achievement Leader
