

21 December 2021

Dear Parent/Carer

As we come to the end of a very busy term, I would like to draw your attention to specific arrangements for your child regarding their return to school in January.

You will have received communication from Mr Huntington about the logistics for the Year 11 Covid Tests on Monday 10 January, but due to your child having an examination that week, plans will differ for them.

#### **Monday 10 January**

Your child needs to arrive at school at **1.15pm** for their Covid Test. Following a negative result your child will attend an Engineering revision session in J Block between 1.45pm-2.55pm.

#### **Tuesday 11 January**

Your child will have a formal GCSE Engineering exam on Tuesday 11 January so they need to arrive at school at 8.30am where they will drop off their bags prior to their exam. They will have an Exam Preparation class until 9.15am, before completing their exam. Attendance is imperative as the grade they achieve will count towards their final exam.

Following the exam, students will return to normal lessons.

I wish you a merry yet safe Christmas.

Yours sincerely

**Mr Wright**  
**Year 11 Achievement Leader**
