

16 December 2021

Dear Parent/Carer

As referenced in our communication last week, we will be asking students to come into school for an on-site lateral flow test before the term commences in January. This process is really important for us to ensure that we minimise any spread of Covid-19 following the Christmas break. However, any student who has received a positive PCR result since 13 October 2021 does not need to test.

Below are the scheduled test times. Please note that students in Year 11 who have an iMedia examination on Monday 10 January 2022 or an Engineering examination on Tuesday 11 January 2022 will be staying in school following their tests for revision sessions.

Monday 10 January 2022

Year 11 - Surname	Test Time	Year 11 - Surname	Test Time
Year 11 iMedia students	10.45am (followed by revision session and exam) Lunch will be available in school.	C-G	2.05pm
		H-K	2.25pm
Year 11 Engineering students	1.15pm (followed by revision session)	L-R	2.40pm
		A-B	1.45pm
		S-Z	3.00pm

There is no requirement that students continue to complete lateral flow tests at home over the holidays. Therefore, their last scheduled test will be on Sunday 19 December.

Thank you for your ongoing support. If you have questions, please contact your child's achievement team.

Yours sincerely

Miss L Heard
Vice Principal & Covid Co-ordinator
