

January 2022

Dear Parent/Carer

### **Targeted Intervention**

In previous years we have had great success through our targeted intervention programmes. Teachers have identified specific knowledge and skills that could help students to improve their overall progress and these sessions will provide extra revision and support in these areas.

Your child has been selected to attend science skills intervention on Tuesdays, 3pm-4pm in F4, starting on Tuesday 18 January 2022.

These sessions have a proven record of improving the outcomes for students and will have a positive impact on future assessments. Please inform us whether your son/daughter will be able to attend using the Google Form below:
